An Introduction to Pierre Bourdieu's Key Theoretical ...
 Theories exist to explain phenomena, and the theoretical framework is the structure that supports a theory of a research study. Students have to write a thesis or dissertation – a research project for the final assignment of a PhD degree. The dissertation allows students to present their findings in response to a question they choose themselves. The purpose of the project is to test the research skills the student has acquired at university.

Theoretical Framework In Research Papers And Dissertations
 Revised on August 14, 2020. The theoretical framework defines the key concepts in your research, proposes relations between them, and discusses relevant theories based on a literature review. A strong theoretical framework gives your research direction, allowing you to convincingly interpret, explain and generalize from your findings.
