This text covers both basic science and clinical aspects of the cornea and associated external diseases. In this edition the editors have incorporated relevant basic science information into the clinical science chapters. It also contains an expanded surgery section - especially refractive surgery. Emphasis on the third edition is on clinical information (the basic science has been incorporated into the clinical chapters). The clinical section has been expanded by ten per cent to reflect changes in the field.

In the early 1970s. Brock Yates, senior editor of"

Written by bestselling author Boris Starling, Christmas is one of the new titles for 2017 in the Haynes Explains series. A lighthearted and entertaining take on the classic workshop manual, it contains everything you ' d expect to see, including exploded views, flow charts, fault diagnosis and the odd wiring diagram. It takes the reader through all areas of Christmas, giving all the hints and tips needed to make the entire festive period run smoothly.

A soup-to-nuts introduction to small, economical sailing craft Trailer sailers--the smallest, most economical sailboats with sleeping accommodations--are a popular platform for learning the basics of sailing and are often considered to be the entry level to cruising under sail. Author Brian Gilbert shows how trailer sailers can be the ideal craft for a lifetime of enjoyment, including serious, long-distance cruising. This book covers all the bases, including how to inspect, buy, and equip a boat; how to trailer, sail, navigate, and cruise in small boats; how to use communications and navigation equipment; and more.
