Charles Edward Stuart ('Bonnie Prince Charlie') is one of the most recognisable and romanticised figures of British history. Born in Rome as a Catholic prince on 31 December 1720, he led the Jacobite Rising of 1745, which came closer than anyone expected to changing Great Britain irrevocably.

Bonnie Prince Charlie and the Jacobites - gresham.ac.uk

Charles Edward Stuart or Bonnie Prince Charlie, as he was later to go down in history, was born at the Palazzo Muti in Rome on 31st December, 1720. The son of James Francis Edward Stuart and the Polish Princess Clementina Sobieski, he was baptised Charles Edward Louis John Casimir Sylvester Severino Maria.

Romantic hero of legend of charismatic self-seeker in love with himself and his cause? Which is the real Charles Edward Stuart? Hugh Douglas goes beyond the flaws of Bonnie Prince Charlie's character to prove that here was a man capable not only of deep and enduring passion, but also love.

'McLynn's splendid and eminently readable biography gives us not Charles the myth but the man ... as he shows, the key to understanding the prince lies in the entanglement of the inner personal drama with the tragedy played on the public stage.' Kevin Sharpe, Spectator In this highly acclaimed biography Frank McLynn brings vividly before us the man Charles Edward Stuart who became known to legend as Bonnie Prince Charlie and whose unsuccessful challenge to the Hanoverian throne was followed by the crushing defeat at Culloden in 1746. The prince was to play out the rest of his career dogged by a sense of failure and betrayal. Yet Frank McLynn argues powerfully that failure was far from inevitable and history in 1745 came close to taking quite a different turn. This insightful study also encompasses some of the other leading players of the era and its significant events, including the Gaeta Campaign, the failure of the Elibank Plot, the effective end of Jacobitism, the Pope's refusal to recognise the prince as 'Charles III' on his return to Rome and the negotiations with Choiseul over the projected French invasion of England. Frank McLynn is a British author, biographer, historian and journalist. He is noted for critically acclaimed biographies of Napoleon Bonaparte, Robert Louis Stevenson, Carl Jung, Richard Francis Burton and Henry Morton Stanley. He is also the author of Fitzroy Maclean and Bipolar, a novel about Roald Amundsen, published by Sharpe Books. Praise for Frank McLynn: 'The definitive biography.' TLS 'Does much to explain the contradictory accounts left to us of the man.' London Review of Books 'Frank McLynn's achievement ... is to give Charles Edward a solidarity and three-dimensional reality that he usually lacks ... His account of the risings themselves is exemplary and he offers the best case yet for the nearness to success of the '45. What is usually seen as the last shiver of an anachronistic and romantic throwback emerges as a genuine alternative to Whiggery and the Act of Settlement.' Brian Morton, TES 'A broad canvas, dealing not only with sober historical truth but with the magic spell that either seduced or repelled Fielding, Sterne, Smollett, Burns, Scott, Borrow, Buchan, Stevenson and a hundred Irish poets...' Diarmaid O'Muirithe, Irish Independent 'McLynn is to be congratulated on a great success, a work ... of mature reflection, acute judgement and great humanity.' Jeremy Black, History 'A readable and fresh study ... thoroughly researched.' Esmond Wright, Contemporary Review 'Packed with fascinating detail.' Denis Hills, choosing his book of the year in the Spectator 'Fitzroy Maclean has found his Boswell in Frank McLynn.' Trevor Royle, Scotland on Sunday 'Most entertaining.' Richard West 'Important, timely and balanced.' Soldier

This study traces how the enduring visual image of Prince Charles Edward Stuart was created, beginning with his birth in 1720 and ending with the exhibition of John Pettie's Prince Charles Edward Stuart Entering the Ballroom at Holyrood - probably still the most enduring and popular image of the Stuart prince - at the Royal Academy in 1892."--BOOK JACKET.

Part of a series of guides on key figures and themes, this book follows the life of Charles Edward Stuart, the young pretender. The author sets out on his motorbike on the trail of Bonnie Prince Charlie from England to Scotland and the Isle of Skye, the locations shown with maps and drawings.

The Jacobite Rebellion of 1745-46 is one of the most important turning points in British history--in terms of national crisis every bit the equal of 1066 and 1940. The tale of Charles Edward Stuart, "Bonnie Prince Charlie," and his heroic attempt to regain his grandfather's (James II) crown--remains the stuff of legend: the hunted fugitive, Flora MacDonald, and the dramatic escape over the sea to the Isle of Skye. But the full story--the real history--is even more dramatic, captivating, and revelatory. Much more than a single rebellion, the events of 1745 were part of an ongoing civil war that threatened to destabilize the British nation and its empire. The Bonnie Prince and his army alone, which included a large contingent of Scottish highlanders, could not have posed a great threat. But with the involvement of Britain's perennial enemy, Catholic France, it was a far more dangerous and potentially catastrophic situation for the British crown. With encouragement and support from Louis XV, Charles's triumphant Jacobite army advanced all the way to Derby, a mere 120 miles from London, before a series of missteps ultimately doomed the rebellion to crushing defeat and annihilation at Culloden in April 1746--the last battle ever fought on British soil. Jacqueline Riding conveys the full weight of these monumental years of English and Scottish history as the future course of Great Britain as a united nation was irreversibly altered.
