GRE Subject Biochemistry, Cell and Molecular Biology was a standardized exam provided by ETS that was discontinued in December 2016. It is a paper-based exam and there are no computer-based versions of it. ETS places this exam three times per year: once in April, once in October and once in November. Some graduate programs in the United States

Can you pass this cell biology test? How well do you know the cell and how it operates? The cells are the building blocks for living things. For example, the blood has white blood cells that help protect against harmful substances and the red blood cells that transport oxygen. This quiz will test you on some basics surrounding the cell processes and other types of cells. Do give it a try!
