Manuscript English Editing. The following provides advice for authors on specific language points, to ensure that their manuscript matches the MDPI style. All manuscripts should be submitted with good English and clear phrasing for the benefit of editors and reviewers. Papers accepted after peer review undergo English language editing for minor issues, however, if you think your paper would benefit from editing at an earlier stage, you may request it via the MDPI English editing service.

Veteran editor Don McNair lays out an easy-to-follow and systematic method for clearing up foggy writing--writing that's full of extra, misused, and overused words--in this guide to producing sparkling copy that attracts readers, agents, editors, and sales. McNair explains the common mistakes made by most writers and shows how eliminating unnecessary words strengthens action, shorten sentences, and makes writing crackle with life. Containing 21 simple, straightforward principles, ""Editor-Proof Your Writing"" teaches how to edit weak verb forms, strip away author intrusions, ban redundancies, eliminate foggy phrases, correct passive-voice sentences, slash misused and overused words, and fix other writing mistakes. A superb addition to any writer's toolkit, this book will not only make writing clearer and more grammatical, it will also make it more concise, entertaining, and appealing to publishers.

Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help! Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of The New York Times, The Wall Street Journal, and USA Today. Written with the wit, warmth, and accessibility that the podcasts are known for, Grammar Girl's Quick and Dirty Tips for Better Writing covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, Grammar Girl's print debut deserves a spot on every communicator's desk.

Each year writers and editors submit over three thousand grammar and style questions to the Q&A page at The Chicago Manual of Style Online. Some are arcane, some simply hilarious—and one editor, Carol Fisher Saller, reads every single one of them. All too often she notes a classic author-editor standoff, wherein both parties refuse to compromise on the "rights" and "wrongs" of prose styling: "This author is giving me a fit." "I wish that I could just DEMAND the use of the serial comma at all times." "My author wants his preface to come at the end of the book. This just seems ridiculous to me. I mean, it's not a post-face." In The Subversive Copy Editor, Saller casts aside this adversarial view and suggests new strategies for keeping the peace. Emphasizing habits of carefulness, transparency, and flexibility, she shows copy editors how to build an environment of trust and cooperation. One chapter takes on the difficult author; another speaks to writers themselves. Throughout, the focus is on serving the reader, even if it means breaking "rules" along the way. Saller's own foibles and misadventures provide ample material: "I mess up all the time," she confesses. "It's how I know things." Writers, Saller acknowledges, are only half the challenge, as copy editors can also make trouble for themselves. (Does any other book have an index entry that says "terrorists. See copy editors"?) The book includes helpful sections on e-mail etiquette, work-flow management, prioritizing, and organizing computer files. One chapter even addresses the special concerns of freelance editors. Saller's emphasis on negotiation and flexibility will surprise many copy editors who have absorbed, along with the dos and don'ts of their stylebooks, an attitude that their way is the right way. In encouraging copy editors to banish their ignorance and disorganization, insecurities and compulsions, the Chicago Q&A presents itself as a kind of alter ego to the comparatively staid Manual of Style. In The Subversive Copy Editor, Saller continues her mission with audacity and good humor.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times
