Ford F150 Engine Control Computer Your Ford F150 is fully capable of handling anything you ask of it and then some, providing the versatility and power you've always wanted in a pickup. What takes away from your power is a faulty engine control computer.

Ford F150 Engine Control Computer - AutoZone.com

The Ford EEC or Electronic Engine

Read Free Ford 302 Engine Computer Schematic

Control is a series of ECU (or Engine Control Unit) that was designed and built by Ford Motor Company. The first system, EEC I, used processors and components developed by Toshiba in 1973. It began production in 1974, and went into mass production in 1975. It subsequently went through several model iterations.
