Only a flashing red light means pull over immediately. There are three dashboard light colors on most dashboards: yellow, red, and orange (and, occasionally, blue or green). The most severe alerts are displayed in red or orange. Generally, if you see an orange or red warning light, pull over as soon as safely possible and drive cautiously to determine what is happening. Yellow lights typically indicate a less-serious problem.

The Complete Guide to Ford Dashboard Warning Lights ...

On (white light): illuminates when the adaptive cruise control system is turned on. Turns off when speed control system is turned off. Engaged (green light): illuminates when adaptive cruise control system is engaged (or actively in use); turns off when speed control system is disengaged.
