Left unfinished by Kafka in 1922 and not published until 1926, two years after his death, *The Castle* is the haunting tale of K.'s relentless, unavailing struggle with an inscrutable authority in order to gain access to the Castle. Scrupulously following the fluidity and breathlessness of the sparsely punctuated original manuscript, Mark Harman's new translation reveals levels of comedy, energy, and visual power previously unknown to English language readers.

The Castle is an unfinished novel-as Max Brod, Kafka's literary executor, observed, Kafka intended that K. should die exhausted by his futile efforts to gain access to and acceptance from the elusive, local authorities but that on his deathbed his character was finally to receive a permit to stay in the village-and it stands as testament to the Kafka's achievements that its unfinished state is in no way detrimental to its effectiveness.
