. . .

Whatever the outcome, the day that life from beyond our world steps down to meet us will define history. First contact already happened. A day like this has already happened. But our history-changing encounter wasn 't the meeting of different species. We haven 't been visited by a fellow-creature who just happens to have superior technology ...

threads | Visitors from beyond our world What Do We Know About Life In The Universe. Life in the Universe beyond our World, does it exist? We witness through telescopes the Planets, Stars and Galaxies near and far, dealing with distances in the time it takes light to travel the distance 's from where we are, to the object under investigation.

Life in the Universe beyond our World. - Alien Invasion From Beyond is a 1986 American science-fiction body horror film directed by Stuart Gordon, loosely based on the short story of the same name by H. P. Lovecraft. It was written by Dennis Paoli, Gordon and Brian Yuzna, and stars Jeffrey Combs, Barbara Crampton, Ken Foree and Ted Sorel. From Beyond centers on a pair of scientists attempting to

stimulate the pineal gland with a device called the Resonator. An unforeseen result of their experiments is the ability to perceive creatures from another di

From Beyond (film) - Wikipedia

The diversity in our planet is huge. Basically everything we see, every people we meet, every culture we know (from zero) is based in diversity. If we notice every person has their own way to be, and thats diversity. How we talk, how we behave, how we react, is different from the other, and that's what makes the world less bored, live in diversity is almost everything because you learn how to ...
