*Half Magic Tales Of 1*

Basically, this is the story of four children, in 1920s America, who come upon a magical coin that is so old only half of its magic is left. Thus, they learn to wish for double of whatever they want in order to make the magic work. Eager writes with charm and wit, and always holds the reader's attention.

About Half Magic (Tales of Magic, #1) book: Four children wish on a Half Magic coin that gets their mother Alison half-way home, rescued by Mr Smith. Mark's wish zaps them to a desert without island, where half-talking cat Carrie gabbles to a camel. Romantic Katherine battles Launcelot. Eldest Jane rejects siblings for another family.

This magical tale is full of thrilling adventure but it's the well-developed characters -- four siblings, their mom, and a newcomer in their lives -- who hook the hearts of generations of readers. Though Edward Eager fashioned HALF MAGIC in admiration of E. Nesbit, his quick-moving story weaves its own enchantment. He delves into the complicated heart of family relationships with an affectionate twinkle in his eye, exploring familial love and aggravation with a generous sprinkle of fantasy.

*Half Magic (Tales of Magic)*

If Half Magic is indicative of his bedside manner, he must have been a very good doctor indeed. For this is one of those sleepy time read-in-bed books like the Chronicles of Narnia, that gently draw you into their fantastic world at that drowsy time when good things seem so much more possible and you're about to drift off into the Land of Nod.

*Amazon.com: Customer reviews: Half Magic (Tales of Magic)*

Edward Eager has been delighting young readers for more than 40 years with stories that mix magic and reality. Half Magic, the most popular of his tales about four children who encounter magical coins, time-travel herb gardens, and other unlikely devices, is a warm, funny, original adventure. The title refers to a coin that the children find.
