lecture. Students watch a short video lectures for homework while taking notes and completing practice examples based on the video. The next day in class, we work together to review those concepts, evaluate the students understanding, and address difficulties or common misconceptions.

Welcome to Dr. Mintz's Chemistry Classroom - Home  
To successfully teach chemistry, teachers can inter weave both the concepts and the scientists who were responsible for discovering them. Chemistry will be far more interesting when the human element can be incorporated into the lessons. Scientific Thinking and a Scientific Method Modern science began around the late 16th century with
