U.S. Army Technical Manuals, commonly known as 'Army manuals,' are part of a series of official U.S. military manual publications intended to be instructive and informative for all branches of the military.

~~Introduction—United States Army Technical Manuals: A...~~

This is the US Army manual of instruction for all forms of field fortification from simple shell scrapes to formal trench systems, artillery emplacements and shelters. It is profusely illustrated and can be said to be a compendium of trench designs for the first half of the twentieth Century.
