Fundamentals of Municipal Finance, Second Edition By Joel A Mintz and Ronald H Rosenberg This book offers an introductory overview, for nonspecialist attorneys, to the often intricate process of financing local capital projects through the sale of municipal bonds.

The definitive new edition of the most trusted book on municipal bonds As of the end of 1998, municipal bonds, issued by state or local governments to finance public works programs, such as the building of schools, streets, and electrical grids, totaled almost \$1.5 trillion in outstanding debt, a number that has only increased over time. The market for these bonds is comprised of many types of professionals—investment bankers, underwriters, traders, analysts, attorneys, rating agencies, brokers, and regulators—who are paid interest and principal according to a fixed schedule. Intended for investment professionals interested in how US municipal bonds work, The Fundamentals of Municipal Bonds, Sixth Edition explains the bond contract and recent changes in this market, providing investors with the information and tools they need to make bonds reliable parts of their portfolios. The market is very different from when the fifth edition was published more than ten years ago, and this revision reasserts Fundamentals of Municipal Bonds as the preeminent text in the field Explores the basics of municipal securities, including the issuers, the primary market, and the secondary market Key areas, such as investing in bonds, credit analysis, interest rates, and regulatory and disclosure requirements, are covered in detail This revised edition includes appendixes, a glossary, and a list of financial products related to applying the fundamentals of municipal bonds An official book of the Securities Industry and Financial Markets Association (SIFMA) With today's financial market in recovery and still highly

volatile, investors are looking for a safe and steady way to grow their money without having to invest in stocks. The bond market has always been a safe haven, although confusing new bonds and bond funds make it increasingly difficult for unfamiliar investors to decide on the most suitable fixed income investments.

Praise for the Classic Guide to the Bond Market "This is simply the most comprehensive, useful look-it-up book on municipal bonds I've ever read (said with all due respect to The ABC of Municipal Bonds my dad wrote in 1937 when I was nine). Read Fundamentals cover to cover. I'm keeping mine in my briefcase, under my arm, at my fingertips. No accountant, financial advisor, attorney, new bond salesman, reporter, regulator, test-writer, cautious, suspicious first-time investor in municipal bonds, or dinner guest is ever going to catch me again with a question about municipal bonds I can't answer."-Jim Lebenthal, Chairman, Lebenthal & Co. "Judy Wesalo Temel gives us the Rosetta stone of the municipal bond market, the key to unraveling the many mysteries of 'muni's.' Her book, a fresh take on the old standard Fundamentals of Municipal Bonds, updates chapter and verse on everything from investing to underwriting, from over-the-counter to over-the-Internet. The style is clean, crisp, and as simple as this complex subject can be. Are you a novice who wonders how to invest in bonds? She lays out the basics. Examples are easy to follow-even the mathematical ones that are critical to explaining how municipal bonds work. At the same time, there is plenty of meat for the pros. Whether you need to start from square one and learn all about municipal bonds and how they work, or need a ready reference for specific technical questions you run across as a market professional, this book is for you."-Kathleen Hays, Economics Editor, Credit Markets Reporter, and "Bond Belle" CNBC "This is a must-read for every scholar, banker, and public official concerned with local government finance in the United States.

Read Book The Fundamentals Of Municipal Bonds 5th Edition

Judy Wesalo Temel has done the impossible: she has clearly and insightfully explained how we finance the development of the nation's vital public infrastructure. This is an important book, one that will be required reading for professionals responsible for planning, designing, and evaluating publicly financed projects—the health care, transportation, and educational facilities that all citizens rely upon. The bond market is an essential element in the life of local and state government, and this book makes it understandable to all Americans." - Mitchell Moss, Henry Hart Rice Professor of Urban Planning and Director, Taub Urban Research Center, Robert F. Wagner Graduate School of Public Service, New York University

The definitive new edition of the most trusted book on municipal bonds As of the end of 1998, municipal bonds, issued by state or local governments to finance public works programs, such as the building of schools, streets, and electrical grids, totaled almost \$1.5 trillion in outstanding debt, a number that has only increased over time. The market for these bonds is comprised of many types of professionals—investment bankers, underwriters, traders, analysts, attorneys, rating agencies, brokers, and regulators—who are paid interest and principal according to a fixed schedule. Intended for investment professionals interested in how US municipal bonds work, *The Fundamentals of Municipal Bonds, Sixth Edition* explains the bond contract and recent changes in this market, providing investors with the information and tools they need to make bonds reliable parts of their portfolios. covered in detail This revised edition includes appendixes, a glossary, and a list of financial products related to applying the fundamentals of municipal bonds An official book of the Securities Industry and Financial Markets Association (SIFMA) With today's financial market in recovery and still highly volatile, investors are looking for a safe and steady way to grow their money without having to invest in stocks. The bond market has always been a safe haven, although confusing new bonds and bond funds make it increasingly difficult for unfamiliar investors to decide on the most suitable fixed income investments.

A practical guide to profiting from the high yield municipal market This unique guide to the high yield municipal bond market sheds some much-needed light on this esoteric but profitable corner of the fixed-income world. It fills the void between the general reference handbooks on municipal bonds and the superficial treatment of do-it-yourself bond guides, with an emphasis on practical trading applications. Having witnessed the beginning of the modern high yield tax-exempt institutional market, author Triet Nguyen documents its historical evolution, outlines a conceptual framework for high yield tax-free investing, one that takes into account both interest rate and credit cycles, and reviews the latest historical data on municipal defaults, including for the first time the non-rated sector. Current distressed opportunities are also discussed. Along the way, Nguyen takes the time to discuss in detail the pros and cons of investing in pre-packaged high yield vehicles—from mutual funds to hedge funds to exchange-traded funds—with frank and objective insider tips on how these slickly marketed products really work. For the truly committed investor who wants to do his or her own homework, Nguyen and a group of
