On a two-way road a sign must be provided at each end of the bay, whether facing oncoming traffic or parallel to the kerb. A sign to diagram 667.2 or 668.2, facing oncoming traffic, indicates the end of footway parking. On a two-way road it should be mounted back to back with the start sign at each end of the bay.

This publication supersedes the 2008 edition (ISBN 9780115529252)

This publication provides comprehensive advice on the use of traffic calming measures, covering the relevant legislation, design, effectiveness and installation. As well as examining general considerations it examines each of the methods of traffic calming and their background, cost and maintenance, effectiveness and environmental impact.

Get Free Traffic Signs Manual Chapter 3

In recent years, highway maintenance has become a high profile topic, owing to the greater travel potential of the general public and to the impact of roadworks on commerce following the swing away from rail transport. Highway maintenance was once a low-key activity, but it is now being treated as an important consideration in the overall cost of providing the nation's infrastructure. Roads have assumed an increasingly important role in this process, particularly during the past 30 years as a result of the motorway building programme.
