Burmese Refugees: Letters from the Thai-Burma Border The misrule of the Burmese military junta continues to be the main catalyst of refugees in Southeast Asia today. In this collection of letters, learn about the true stories of people who have fled from that regime. All of the accounts are written by the refugees themselves and explain how they became asylum seekers, what life is like in the camps, and what they envision for their future. These stories document persons from the 8888 generation, the 2007 Saffron Revolution, and various ethnic struggles. This book contains the narratives of thirty diverse individuals-all of them united by the simple desire to have a more representative government in their homeland.

A Friendship Forged in Hell! Daniel Leary is a lieutenant in the Republic of Cinnabar Navy with no money and no prospects since he quarreled with his ruthless, politically powerful father. Adele Mundy is a scholar with no money and no prospects since her family was massacred for conspiring against the Government of Cinnabar. Kostroma is a wealthy planet which depends on diplomacy to stay independent in a galaxy whose two great powers, Cinnabar and the Alliance, battle for

supremacy. In a few hours, diplomacy is going to fail Kostroma. Daniel, Adele, and the scratch crew they gather aren't much to stand in the way of a powerful invasion fleet, but just possibly they're enough. Men and women who hold courage cheap and honor more dear than life itself face impossible odds in a novel of color, intrigue and slashing action. From the corridors of a treason-ridden palace through the perils of unknown seas and hellish jungles to a final blazing climax in space, the heroes never bow and the action never flags. They have nothing on their side but each other<sup>3/4</sup>and heaven help whatever tries to stand in their way! At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Ugliness of Moses Mendelssohn examines the idea of ugliness through four angles: philosophical aesthetics, early anthropology, physiognomy and portraiture in the eighteenth-century. Highlighting a theory that describes the benefit of encountering ugly objects in art and nature, eighteenth-century German Jewish philosopher Moses Mendelssohn recasts ugliness as a positive force for moral education and social progress. According to his theory, ugly objects cause us to think more and thus exercise—and expand—our mental abilities. Known as ugly himself, he was nevertheless portrayed in portraits and in physiognomy as an image of wisdom, gentility, and tolerance. That seeming contradiction—an ugly object (Mendelssohn) made beautiful—illustrates his theory's possibility: ugliness itself is a positive, even redeeming characteristic of great opportunity. Presenting a novel approach to eighteenth century aesthetics, this book will be of interest to students and scholars in the fields of Jewish Studies, Philosophy and History.

When the quest for power threatens to put an end to adventuring, only belief in each other can save them. Two weeks after nearly losing her scandalous earl to a fire, Lady Emmaline Darling is finally marrying him. Almost six months pregnant, all she wants is to enjoy London with her soon-to-be husband and their growing family. Yet this morning isn't just the dawn of a new adventure in wedded bliss, Miles has pledged to be a second in a duel, which might compromise the new union. Bad timing, perhaps, but the fifth Earl of Archewyne, Miles Lawrence Hawkins has always been an honorable man, so when his best friend, Viscount Trewellain asked him to stand up as his second after the powerful Duke of Litton challenged him to a duel, how could he refuse? Threats made in the Hyde Park fog chills his blood, especially since an old foe deliberately names his soon-to-be-wife as a target. Emmaline and Miles are able to say their vows, but dire events overshadow their joy. A woman with ties to Litton comes to them with a clever plan to finally close the murder of Lord Leventhorpe and enact revenge on those previously untouchable. When secrets threaten to destroy the earl and his new countess, the little band of thieves must put aside their differences and fight to survive the vile plot at play within the ton... but death might be the only option.

Charlize "Charlie" Edwards certainly knows, in theory, what it takes to lead a successful and happy life. She owns a nice house in Silverlake, LA's trendiest neighborhood. She has glamorous and loyal friends who accompany her to the hottest clubs in town. And she works as the personal assistant to Drew Stanton, Hollywood's sexiest movie star. But she's also turning 30, chronically single, and faced with serving as maid of honor at her younger sister's wedding. Charlie finds herself struggling to juggle the chaos of wedding planning (while wondering if she'll ever wear the white dress herself), her all-consuming job for lunatic boss Stanton, and a serious crush on Jordan, a photographer on the set of Drew's latest feature--a man who might actually return her feelings. A page-turner from start to finish, *A Total Waste of Makeup* puts a fresh face on women's fiction.

The second edition of a bestseller, *Hazardous Materials Chemistry for Emergency Responders* continues to provide the fundamentals of "street chemistry" required by emergency response personnel. The information presented will assist you in responding to specific chemical spills, including identifying the exact chemicals involved and their individual
